REV. MONTGOMERY'S LEAVE TAKING

(Continued from front page)

Farewell Church Service

Rev. Montgomery presided at both services in the St. Michael's Church on Sunday last, and took the occasion to refer to his impending departure. He referred to the many kindnesses of Mr. and Mrs. Montgomery during their stay in Strathmore, and said that he regretted very much having to leave them. If he had been a younger man he would probably have stayed here longer, but other considerations entered into the matter. However, he could assure them that it was not because of the people of his charge that he was leaving. His successor would be with them the following Sunday, and he bespoke for him the same support and love for the church that they had shown during his ministry.

Following the conclusion of the service on Sunday evening, which was very largely attended, Mr. Montgomery was presented, by Mr. G. H. Patrick, on behalf of the members of the congregation, with a handsome silver cigarette case. Mr. Montgomery was much affected in replying and thanked the donors very much for this token of their esteem which he would always treasure.

G.W.V.A. Presentation

At a social gathering of members of Strathmore Great War Veterans Association, members of the Ladies Auxiliary and friends, Mr. and Mrs. Montgomery were presented with a handsome electric reading lamp and stand. The presentation was made in appropriate terms, by President French of the G.W.V.A., and Mr. Montgomery fittingly responded on behalf of himself and Mrs. Montgomery. He said it had been a great pleasure and privilege to him to be associated with the G.W.V.A. He trusted that they would continue to go ahead and prosper, and that the Memorial Hall would soon be brought to fruition, and that he would be able to come down to Strathmore and assist in its dedication.

The social was largely attended, and an enjoyable evening was spent. Cards, dancing, and games, with an interval for refreshments, were engaged in till an early hour in the morning.

Mr. and Mrs. Montgomery left for home on Tuesday evening; a large crowd seeing them off.

Rev. Montgomery's Successor

Rev. Mr. Currie, formerly of Coramotion and the Lake, Alberta, will conduct the services in St. Michael's Church for the next four weeks, but no permanent appointment has yet been made.

THE PICTURES

Two shows will be held this week. Tonight the famous screen star, Olive Thomas, will appear in "Everybody's Sin." On Friday evening there will be a special attraction, Harry Carey, in "His Day Up."

Next Wednesday evening that great production, "The Devil's Pass Key," will be given. A dance will follow the show.

It is proposed to hold a matinee for children and parents on Wednesday afternoon, and details of this will be given later.

ART AND THE CHILD

Rev. J. Macintyre Wilson D. D. of Knox Church, Calgary, has kindly consented to give a lecture under the auspices of the Strathmore Schools in the Odd-fellows' Hall on Thursday evening, May 25th. His subject will be: "Art in the development of the child."

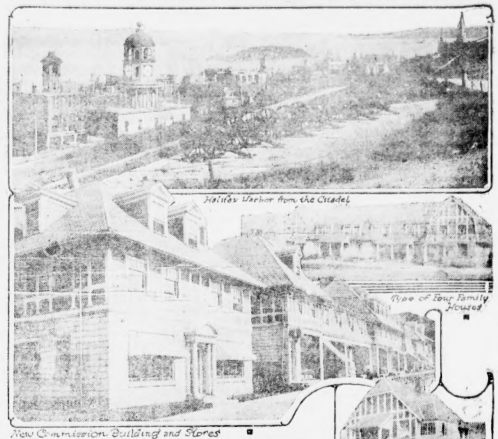

Dr. Wilson is a delightful speaker, with a native wit that gives zest to his lectures. In this particular one, while amusing his audience with the remarks of the child-artist, he yet discloses the possibilities of the future.

Dr. Wilson is recognized as one of the finest orators who have appeared upon the public platform in Calgary. The proceeds will be devoted to the G.W.V.A. Memorial Hall.

A report of the last meeting of Strathmore Women's Institute, along with list of donations to the hospital will be published in next issue.

Vancouver B.C.—Many novel features are incorporated in the boat which has just been launched here for the Hudson's Bay Company for service on the Peace River. The boat is sixty feet over all, with a beam of eleven feet and four feet depth of hull. The boat has a phenomenally light draught for so large a craft of but nine inches, with a maximum of not more than twenty inches. The vessel is capable of a speed of seventeen miles an hour.

HOW HALIFAX SOLVED ITS GREAT HOUSING PROBLEM

Three years ago Halifax, "Canada's Nova Scotia Gateway," was dealt the most devastating blow suffered by any city outside the war zone when the "U-boat" rammed the French munition ship "Mont Blanc," killed 2,000 people and wrecked an area of two square miles. Today Halifax is a bigger, better and more beautiful city than it was before the TNT blast because its great housing problem has been solved successfully and because the new is even better than the old. As a wounded war veteran Halifax received a bonus of about \$20,000,000 from Canada, Great Britain and the United States for relief work and a commission to build a new city.

Halifax is the chief city of Nova Scotia, the "Land of Evangeline," and has one of the finest as well as one of the most beautiful harbours in the world. Overlooking the city is the old Citadel with its stone walls, a moat, dungeons and frowning battlements. All manner of water sports are on its summer program and there is strong rivalry between the racing fishermen of Nova Scotia and New England whose forebears have followed the sea for generations. Not far from Halifax is the Annapolis Valley, famous because of its wonderful apple-blossom time and because it was the scene of the Acadian, whose expulsion in 1755 furnished the theme of Longfellow's "Evangeline."

50,000 CHEVROLET "Four-Nineties."

THE production schedule of Chevrolet "Four-Ninety" Models for the seven months from January 1st to July 31st, 1921, is fifty thousand cars.

To each retail purchaser of a new Model "Four-Ninety" car at present list price, we will make the following cash payments:—"Four-Ninety" Touring \$70; "Four-Ninety" Roadster \$70; "Four-Ninety" Light Delivery Wagon \$70; "Four-Ninety" Chassis \$70; "Four-Ninety" Coupe \$100; "Four-Ninety" Sedan \$100; provided the Chevrolet Motor Company manufacture and sell fifty thousand new Chevrolet Model "Four-Ninety" cars between January 1st, 1921, and July 31st, 1921. This offer to be subject to the terms as set forth in full in the refund certificate which will be delivered to each purchaser.

This refund represents savings in material prices under present readjusted conditions, which savings can be made provided Chevrolet factories continue to operate on the estimated average quantity production basis.

It is in keeping with the Chevrolet policy to make the price of its product as low as quality manufacture on a

large scale will permit. It is in keeping with the Chevrolet purpose of providing quick, convenient, economical transportation at a cost within reach of those who want an automobile.

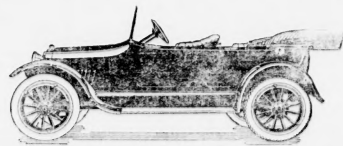

Fifty thousand cars is the minimum which Chevrolet engineers estimate will secure substantial savings in cost in manufacture. These savings will be passed on to the purchasers of these fifty thousand cars.

Each purchaser of a Model "Four-Ninety" will receive a certificate from his dealer, or from the Chevrolet retail store manager. This certificate will be redeemed as indicated on the face.

Retail purchasers of Model "Four-Ninety" cars since October 1st, 1920, will receive their certificates through their local dealers or retail stores on application to them.

Production results will be announced not later than August 10th 1921. Certificates will be subject to payment according to their terms, thereafter, up to September 15th, 1921.

PRODUCTION BY YEARS
1915 729, 1916 51,647, 1917 103,269, 1918 120,322, 1919 111,333, 1920 186,147.

Chevrolet Model "Four-Ninety" Touring car, \$1025.
Additional Chevrolet "Four-Ninety" Models: Sedan \$1795; Coupe \$1735; Light Delivery Wagon (1 Seat) \$1025.
All prices F.O.B. Oshawa, Ont.

CARSELAND NEWS & NOTES

Mr. Mead Moore has been unfortunate on Monday afternoon, the 18th, or breaking his leg at the ankle as well as sustaining severe bruises and general shaking up. The accident occurred in the afternoon while handling a team with a buggy in the field. The horses took fright at a visible time and started to run. On approaching the ditch which Mrs. Moore thought they would cross the decided to jump with the above result. The accident, Harry, had just got out of the buggy as the horses got away for the final run and thus saved himself from what might have been a similar accident. Dr. McConkey, of Carleton Place, was called and appeared on the scene in a short time and put the limb in shape for a journey to Carleton Place in order to have an X-ray taken after which Dr. Gibson, assumed charge of the case. While there were three breaks there was no displacement, and after the application of a plaster cast Mrs. Moore was able to return home via Strathmore on Tuesday afternoon. Mrs. Moore is resting well and there is every indication of a speedy recovery.

On Tuesday last week, Mrs. C. C. McLaughlin also had the misfortune of spraining an ankle which has placed her hors de combat. The accident was caused by stepping on a nail. The patient is doing well and will soon be able to be round again.

A change at the Farmers' Elevator has resulted in the appointment of Mr. J. W. Greenwood, as local manager. Mr. Greenwood holds from Junior, and has operated at Glendon and Blackfoot. Mr. Pat Johnson who has been in charge for some months has taken a similar position with the same company at Foremost.

His departure was celebrated by an informal party at the City Cafe on Thursday evening, when a number of friends gave him a send off. A general regret was expressed at his departure and the good wishes of all were assured for his success in his new work.

The trustees of the Community Hall held a meeting on Wednesday evening last in the Hardware store when sketches of the plans for the Hall were looked over and discussed.

A number of changes and modifications were ordered or advised, and the plans returned to Winnipeg for completion. A notification from the C.P.R. was also submitted in which was stated that a reduction of \$2000 was offered on the building lots, making the total cost \$12,500.

The ladies aid held their regular meeting in the Church on Thursday afternoon, which was also the annual meeting, and the officers for the ensuing year were appointed. The election, which was by ballot, without nomination, resulted as follows: President, Mrs. F. Roe; 1st Vice, Mrs. O. C. Moorhouse; 2nd Vice, Mrs. McConkey; Secretary, Mrs. L. E. Simon; Treasurer, Mrs. A. W. Crummy.

The Calgary Herald announces the wedding of Mr. Hall Hill, at Peterboro, the home of the bride.

The annual financial statement will be given in the next issue.

Mr. Boris Mac, of Blind Creek, to be the first in the district to raise wheat this year, he having a field showing two or three inches.

Mrs. G. B. Field and Mrs. A. W. Crummy drove to Calgary on Tuesday last week and returned the next day. Mr. Crummy's well mentioned plan to get even was frustrated by the sudden turn in the weather on Saturday.

Mrs. W. Laurie and her three children arrived in Carleton Place on Wednesday after having a good trip. We welcome Mrs. Laurie to our community and wish her every happiness in her new home.

Miss Grace Wilson is visiting with her sister, Mrs. W. H. Hill.

Mr. J. Macdonald, editor of the Standard, was a visitor in Carleton on Friday last.

With the arrival of the new season for the new room the furniture for the third room is complete.

Several Carleton aids, will be found in another column.

Mr. L. G. Shultz, who has been in charge of the cattle lands in the district, some weeks has been succeeded by Mr. Packington. Mr. Shultz has bought a lumber yard business at Haynes, Alta., and will take over immediately. Haynes is in the Pleasant Valley district and near Alton. Mr. Shultz who during his short stay has made many friends and will have it good wishes of all on his new venture.

Farming is the order of the day in the whole district and many are well on with their seeding.

Mr. T. W. Law, who was in town last week and attended a special meeting of the P. E. Club, succeeded in getting the ladies to take over the work of organizing the Red Cross Drive to be put on early in June. The decision of the ladies however will be submitted to the next regular meeting of the club for approval. We understand the drive is not a match on our part, but clearly to get together, the annual fee being one dollar.

Mr. McLaughlin, of North Battleford, spent most of last week in Carleton on business, and was a guest at the hotel.

Mrs. Hinehill, of Strathmore, is visiting with her daughter, Mrs. G. Coyne.

Mrs. R. Haskayne visited Glendon last week-end and Mr. Haskayne drove over on Sunday for the return trip.

Mr. R. B. Woodhouse has assumed the role of janitor for the school building as of last carrier.

During from the first of last week the new rule is that the mail carrier shall meet all trains carrying mail.

Mr. Mike Brown is at present driving the school van lately driven by Mr. Woodhouse.

DALEMEAD NOTES

Mr. and Mrs. L. McKinnon were visitors to Calgary nearly all last week. Mr. A. Voldrevede, who had a horse ship on his foot a while ago, is also to migrate again with ease.

The new cupboards to contain Sunday School papers, etc. are now completed, and only require installing.

Mrs. J. Reid is in attendance on her mother, Mrs. Nelson, at Calgary. With the completion of sewing a basketful is due for some revival, and the Community Hall will be some busy place.

BLIND CREEK NEWS

The gas lamps in the school house are a decided asset and the Board are to be congratulated on securing them. The service on Sunday last was well attended, and the capacity of the school was packed. The solo of St. Dunst Cathedral and the duet by Mrs. and Miss Reid was enjoyed by all.

Next Saturday there will be a church and a solo by Mrs. J. Davis.

A McIntyre Day service will be held on Sunday June 1, when suitable music will be given and the whole service will be of a special nature.

ARDENODE NOTES

All ye members who were unfortunately kept away from our local meeting of the C.F.W.A., which was held at the Arms of Horrocks, were surely out of luck. Although we greatly missed our president, we had a lively business meeting, which included the arrangements for a bazaar that is to be held around Thanksgiving time. At the close of the meeting daily refreshments were served and a general good time was had by all.

The next meeting of the C.F.W.A. will be held at the home of Mrs. Jessie L. Booth on Wednesday afternoon May 11th all are urged to be present. Outside the regular order of business, several extra features will be on the programme, which will be worth your while. We also hope to report several new members. Meetings are held every other week.

Our secretary is still trying to find out what the interest would be on ten cents for two weeks at eight per cent.

We are glad to report that Mrs. Oliver Booth is greatly improving.

Mr. Thompson is with us again, after spending the winter in Calgary.

The Dooley family have moved from our neighbourhood to Chetiville.

Mr. Jim Gohard and family are back home after spending the winter in the Nipigon district.

The school children are already thinking about the prizes they are going to get at the next school fair. Here's luck to them.

A whist drive and dance will be held in the Serviceberry School house on Friday night, May 6th. Ladies are kindly asked to bring cakes and the gentlemen will be charged the small admission of fifty cents. Every body is invited and the usual good time is assured.

Calgary Alta.—Elaborate measures are being taken this year by the Dominion Forestry Branch to deal with outbreaks of fire in the forest reserves of Western Canada. Six aeroplanes will be used in Southern Alberta, two main flights being made daily in ordinary weather, one north and the other south. Extra staff and equipment will be in readiness for more frequent flights when there is fire danger. It is thought by this system to greatly minimize danger of fires in the reserves, which yearly serve as grazing grounds for thousands of head of cattle and sheep.

Ottawa, Ont.—Several thousand English women, selected for suitability in domestic service, will in short time be sent to this country by the Salvation Army, declared Commissioner H. C. Lamb, of the Salvation Army headquarters at London, England, and head of the Dominion Army. The operation was a commission Lamb is at present in Canada conferring with the government and looking over the labor situation with a view to absorbing immigrants from England.

St. John's, Newfoundland.—Newfoundlanders are elated over the prospects of a successful sealing season. After having been caught in an ice for several days, the sealing fleet, which was reported, was in town and was making a good kill. The first of the fish to return from the hunt, the schooner "Diana," arrived here with 7,000 polts aboard. The commander of the schooner stated that the cleaner "Eagle" followed with about the same catch.

See Alberta's Greatest Daily Newspaper in the Making

WHEN next you come to Calgary visit the home of The Herald and see for yourself just how a daily paper is made.

OUR Circulation Department will take real pleasure in conducting you through our modern plant and in showing you the different processes that enter into the making of a big daily paper.

WE will take you through the busy Editorial rooms with their clicking telegraphic and typewriting machines where the news of the day is collected and made ready for the printed page. A step will take you amongst almost human linotype machines that change the news into type. You can follow the made-up pages into the stereotyping room where marvelous machines and expert workmen cast the pages into leaden plates. Watch these plates taken by automatic carriers to the big 50-ton press, which rolls off the printed paper complete faster than the eye can count.

SEEK the mailing machines at work, clamping each paper with the subscriber's name and address, see the carriers and street boys scrambling for their papers, and the big trucks rushing The Herald to post and express offices, for distribution throughout the West.

IT will be an interesting visit, and after you see the army of skilled employees, the costly equipment and the huge outlay of capital and expense necessary to take you a big daily paper, you will wonder that you can buy it at the price you do.

Ford
THE UNIVERSAL CAR

Why The Ford Is The "Universal Car."

DOWN among the orchards of Nova Scotia, the farms of New Brunswick, on Sherbrooke Street in Montreal, Yonge Street in Toronto, Portage Avenue in Winnipeg, on the far flung horizons of Saskatchewan and Alberta, up through the mountains of British Columbia, down Granville Street in Vancouver, on Government Street in Victoria—it's the same story—half of all the cars you see are Ford cars—in many sections they are two to one of all the other makes.

And it is the same story in Africa, Australia, Britain, Europe, United States—throughout the world—one half of all the motors on earth are Fords.

Why?

Because the simplicity of the Ford car adapts it to every driver.

—because the power of the Ford car carries it wherever the driver wants to go.

—because its durability and rugged strength make it the car for every condition of usage.

—because of its low first cost and low cost of operation and maintenance.

The Ford Car is a good car for you to own.

Buy a 35c. tube
Rexall Pearl
Tooth Paste
and we will give
you a second tube
for One Cent, or
two tubes
for .36 cents

Sale - THURSDAY, FRIDAY and SATURDAY - Sale

This ONE CENT SALE Plan was originated by the United Drug Company for the Rexall Drug Stores. The United Drug Company are the largest manufacturers and buyers of Toilet Articles, Remedies, Chocolates, Perfumes, Rubber Goods, Stationery and Drug Sundries in the world, and this is an advertising plan pure and simple, of which they bear most of the expense. Instead of spending money in the regular way, such as Free Samples, etc., it is their desire that we place full size packages, or articles, in your hands, giving you an opportunity to judge the real value of these goods, the cost of which they charge to advertising.

We will only be permitted to run this sale occasionally. Beware of imitations in other stores, and take advantage of this exceptional opportunity. We can not afford to charge or deliver goods during this sale. Come in and see the display of all New Merchandise.

WE ARE HERE TO SERVE YOU

THREE DAYS, MAY 5. 6. 7

A LIVE NEWSPAPER

The function of a local newspaper is to publish the news of the district in which it circulates. A newspaper which does this is a necessity in every home throughout that district. Everyone living in this Western Bow Valley District should keep himself in touch with the doings of the community. From a business point of view, too, you need the Standard. You are losing opportunities of saving, each week you go without it. Again it is an independent newspaper, and for that reason also deserves your support. \$2.00 is the cost of a year's subscription to the Standard, payable in advance. you are losing every week you go without the Standard as a visitor in your home.

Business Advertising

To every business within the Western Bow Valley Irrigation Block the Standard provides a means of getting in touch with present and prospective customers. It costs less to advertise in the Standard than to regularise the public in any other way, and THE STANDARD GOES HOME, whilst the circular is apt in very many cases to be left in the Post Office or dropped on the street.

A business man to succeed must advertise. Newspaper advertising yields the best results of any kind, if you really have something to sell that the public wants, and you keep your ads, readable and up-to-date.

The farmer can use a Standard want ad. to advantage. Our miscellaneous ad. columns are read by every subscriber every week.

Many business men are using the columns of the Standard, and find them effective in bringing results. If you are not now advertising, get us on the phone or write, and we will send rate card and full particulars.

Job Printing

Having a modern and well-equipped plant, comprising over \$8,000 worth of machinery, with typesetting machine, power presses, etc., we can handle any kind of printing at prices equal to any city house, and the quality of our work is always guaranteed. In loyalty to your own district, and to your own best interests, never give a job to a travelling man, until you get our prices.

A few lines which you are, as a business man, bound to require from time to time.

TOWN COUNCIL DOINGS

A meeting of the Town Council of Strathmore was held on Tuesday evening last.

The road work being done at present was discussed, and arrangements made for its completion.

Disputed Transfer

In the case of taxes against Mr. G. Knyvet, claimed as being unpaid property owned by him, the title being that of the Livery Barn destroyed, five during the war, a letter was from Mr. J. S. Valiquette, baronet, Calgary, saying that this property had been transferred in 1913 to and party, and that therefore those taxes were not owing to Mr. Knyvet. Mr. Wears stated, however, that this did not appear in the records. The case was therefore left over. Mr. Knyvet appeared in person and addressed the Council.

Wednesday Half Holiday

A petition signed by most of the retail merchants in Strathmore asking the Council to make an early closing, bylaw, so as to make closing at 1 p.m. on Wednesday, and 6 p.m. on days of the week, on Saturdays at before holidays, compulsory, was read. This was referred to the town auditor to draft a bylaw.

Licensing Businesses

A bylaw was passed imposing license on drymen, restaurants, rooming houses, etc.

Members of the Council present at the meeting were: Mayor Butler, Councillors Anderson, Bell, Taylor, and Tompkins.

HALF BACK SANDY
DRAWS FULL HOUSE

The performance of the play "Half Back Sandy" by the Dramatic Club of St. Mary's College, Calgary, drew a crowded audience, and it certainly warranted the attention, for those who missed it missed something worth while.

The same show was given by it, by the Grand Theatre, Calgary, on Monday and Tuesday of last week and it played the critical audience there.

The dramatic critics of the Calgary newspapers have already devoted considerable space to criticism of the individual actors, and it would be unnecessary for us to go further into this, but the local audience was greatly taken with C. W. Hutton, who played the part of Mabel Stimpert. Another great hit was made by 10th Street Newton, who played the part of Jimmie Ellison, a messenger boy. He has a wonderful voice, and the audience could hardly be proud to let him leave the stage after his rendering of "The Bells of St. Mary's" and an encore "That's where the West Begins". The rest of the boys played their parts well, and there was lots of pep to the play all the way through.

Friends of the play went in to improve the of the local Catholic Church, which will benefit considerably. The boys came down by car, under charge of Rev. Father Murphy.

The people of Strathmore and district will be pleased to see the boys of St. Mary's give their time and talent to come down, and they will all ways be assured a good house.

IT CARRIES THE NEWS OF YOUR DISTRICT

It is encouraging to note the constant efforts being made by The Calgary Herald to make the residents of the city familiar with the happenings in the towns and rural districts of Alberta. The contact that is thus established cannot but be beneficial to every class in the community. The Herald is publishing country news in commendable volume these days and it is a matter of record that the city people are finding this matter quite as interesting as their news sheets.

It is also noted that The Herald pays attention daily to the news affairs on the United Provinces of Alberta and that this news is presented in accurate and without any bias.

Mr. H. W. Wood, head of the E.P.A. Bureau in The Herald news, probably as much as any other man, stand in the province, but of course a personal matter, but as the opinion of the news is given.

STRATHMORE HOSPITAL

NAMAKA NEWS

Last week Mr. and Mrs. Bigger invited a number of their friends to a social evening; the occasion being the second anniversary of their wedding, and incidentally to introduce their little son and heir to the neighbors.

The evening was spent with music, cards and dancing.

Miss Lizette Bigger, Schick, Strathmore, is visiting her relatives at Namaka, and intends later on to proceed to Nelson, B.C.

Mr. H. E. Thomas, who has been attending the several months, has come to the General Hospital, Calgary, for treatment.

Tommy Harris, the young son of Mrs. Harris, housekeeper for E. Matechuk, was on Saturday kicked by a horse, but fortunately his injuries are not considered serious. His appearance at the time looked alarming but evidently he has missed the full force of the blow.

Mr. C. W. Watson is presently building an addition to his dwelling house. Gas Marley is the carpenter on the job.

Mr. Frank Brown, from Wisconsin, who has been visiting with his brother Harlow, left on Friday.
